## LoveYoga

### Artistic Coffee Table Book

By Randalle Love

Get inspired by this collection of artistic, nude yoga poses. Very tasteful, and unique, the model and author, Randalle Love, expresses the beauty of the body through the yoga practice, while incorporating some of her favorite quotes to encourage and motivate you. There are a total of 36 photos in this collection, and while yoga is one focus of the book, readers who also enjoy art, photography, as well as anyone looking for inspiration, will find this book enjoyable. This is the perfect book to add to your coffee table collection, as it is a great conversation piece!

“**LoveYoga** by Randalle Love is a collection of black and white photographs and inspirational quotes. Each photograph in the collection is a full page and paired with an inspirational quote on the accompanying page. One female model is used throughout the book, and each portrait captures her in a different yoga pose. The model is nude throughout the collection; however, the images are tasteful, and no intimate portions of the body are exposed.

“The photographs in this collection are striking, and each has been thoughtfully placed with a short quote. Although the same model is used throughout the collection, I found each portrait and unique yoga pose as interesting as the next. The photographer, Jessica Holt, shows real skill; the play with light in each photo really brings the model to life and makes each pose appear fluid. Further, there is almost a glow surrounding the model in each image, making the photographs all the more intriguing. Lastly, I appreciated the use of varying angles. Though most of the images are captured head on, there are a few that are taken from varying angles, adding dimension to the collection.

“The quotes interspersed between photographs are equally as thought provoking as the images they accompany. Eleanor Roosevelt, Buddha, George Eliot, Coco Chanel and George Bernard Shaw are just some of the prolific figures whose words act as inspirational quotes in this collection.

“This was an enjoyable book to flip through. Although it doesn't contain many words, I found myself lingering on each page for some time, trying to soak in the images and corresponding inspirational quotes. Yoga is certainly one focus of this book; however, I think readers who enjoy art, photography and any who are looking for inspiration will find this book just as enjoyable as any yoga enthusiast would.”
