

Whole-Body Dentistry®

By Mark A. Breiner, DDS

Does Your Mouth Reveal Your Health Secrets?

When you sit in the dentist's chair, you expect the exam to uncover issues in the mouth—and the mouth only. But your teeth and tissues that are exposed when you open wide may hold clues about your risk for heart disease, cancer, arthritis, reproductive issues, and *much* more—sometimes long before a physician might notice other warning signs.

In this comprehensive, easy-to-understand guide you will learn:

- The importance of the mouth-body energy connection
- Which common dental treatments may be endangering your health
- Which health problems can often be traced back to the mouth
- Which new tools, diagnostics, procedures, and protocols are available
